

Q-Series

Innovative, easy to use and quick cable tie system

Become the fastest with us:
More than a 25% time saving with Q-Series!

One Step to the Web!

Cable Ties with open head

Q-ties

The Q-tie is a unique and innovative product for bundling and fixing cables for a wide range of applications. It is available in various colours and materials. The innovative design of the open head tie provides an easy insertion even under difficult circumstances.

A wide range of products is available:

- Polyamide 6.6 (PA66), black, natural and in various colours
- Polyamide 6.6 weather-resistant (PA66W), only black
- Polyamide 6.6 heat stabilised (PA66HS), black and natural

See page 6.

Cable Ties With Fixing Elements

2-Piece Fixing Ties for edges

The unique features and associated benefits of two products – Q-ties and EdgeClips – are combined in a 2-piece fixing tie that reduces installation time and improves manufacturing, assembly and / or maintenance processes.

See page 11.

Self adhesive/screw fixing Cable Tie Mounts QM(A)

Q-mounts

The mounting bases Q-mounts are an ideal complement for Q-ties. Design and functionality of the mounting bases match perfectly to provide an optimised working process. Different types and sizes are available:

- 4-way mounts (QM)
- 2-way mounts (CTQM)
- Screwable/Self adhesive mounts
- Polyamide 6.6 (PA66), black, natural

See page 12.

Identification tags for marking cable bundles

Q-tags

Besides fastening and fixing, the identification of cables is another important aspect of cable management. The Q-tag cable markers can be perfectly used with Q-ties. The tags offer different options for marking:

- manual with marker pen
- with adhesive label

See page 14.

Cable Ties and Fixings

Cable Ties Inside Serrated

Q-ties

Innovative – Effective – Safe!

The new Q-tie has not only innovative, but also has a revolutionary new design. The open head of the cable tie enables a simple and quick installation. Simply insert the ergonomically bent tail into the open side of the head and tighten the cable tie.

With Q-ties you can save time and money!

Easy Application for every Situation!

Q-tie provides the perfect solution for applications in difficult working conditions. It is ideal for use when working with gloves is necessary or for blind applications with a limited view of the work allowing for a quick and simple installation.

Features for quick and easy application:

- Large curved tail with easy-grip ribs
- Open head with easily detectable slot

This saves time and trouble!

Integrated Pre-locking Functionality!

Due to several simultaneous working processes, it is not always possible to install all cables and conduits in one single step.

Using standard cable ties means either removing the cable tie of the first installation or applying additional cable ties. The integrated pre-locking function offers both a temporary and final cable fastening solution.

This saves material and time!

The head design makes the difference.

Even under difficult circumstances the Q-tie cable tie is very fast and easy to apply.

Without additional effort only Q-ties can be used for temporary and final cable bundling.

Application video: Q-Series

Features of Q-ties:

1. Open lock head for quick and easy insertion.
2. Two rails on the strap ensure perfect guidance for the tracks in the head.
3. The locking device interacts safely with the serration of the cable tie.
4. The tracks prevent a deformation of the head under load.
5. The thin part of the cable tie can be simply placed into the open lock head.
6. The large ribbed tail allows a safe and ergonomic installation.
7. Integrated pre-locking feature (starts with type Q30).

Application Method:

1. Insert the thin part of the cable tie into the open lock head.

2. Pull the tie through the head until the bundle is fixed.
3. Cut off the remaining part of the tie with an application tool.

Pre-locking Function of the Q-tie:

1. Insert tail into the open head and push the tail partly into the head.

2. To release the tie push the tail slightly out of the head.

3. When the installation is complete, the Q-tie can be tightened and cut off – either manually or with an application tool.

Cable Ties and Fixings

Cable Ties Inside Serrated

Cable Ties with open head Polyamide 6.6 standard

Q-Series in PA66 natural and black

Q-Series cable ties for bundling and securing cables, pipes and hoses. These innovative and effective cable ties enable a simple and quick installation, even in difficult applications.

Features and Benefits

- Open lock head for quick and easy insertion
- Integrated pre-locking function
- More than 25% faster to apply than a standard cable tie
- Inside serration for a strong hold around bundles
- Easy application either manually or with a processing tool

Q-tie cable ties: choose from a wide product range in different sizes.

2-Piece Fixing Ties for Edges, 1.0–3.0 mm, Side Fixing

These cable ties and EdgeClip assemblies are ideal for use where holes are not acceptable or where due to temperature problems adhesives will fail. These assemblies are widely used for fixing and bundling cables, pipes and hoses within the automotive industry, harness making, panel building and electrical industry.

Features and Benefits

- Pre-assembled 2-piece fixing tie with EdgeClip and Q-tie
- A perfect complement within our Q-Series range
- Unique and innovative cable tie with open-head design
- Time saving solution due to quick and simple installation
- Q-tie saves more than 25 % of usual working time
- Cable tie head can be moved after bundling
- For edges of 1–3 mm

Application tools
please see page 15.

Cable Ties and Fixings

Cable Tie Mounts

Cable Tie Mounts Q-Series

Features and Benefits

- Screw or self adhesive versions
- Perfect for combination with Q-ties
- 4-way entry for Q-tie
- Adhesive with high pull-off force
- Q-Mount base secures the Q-tie in a vertical position, leaving the hands free to apply cables

Q-Mount QM, 4-way entry, self adhesive, screwable.

Q-Mount (side view)

Q-Mount (plan view)

The Q-mount base locks the Q-tie in vertical position, leaving the hands free to apply the cables.

Without additional effort only Q-ties can be used for temporary and final cable bundling.

Q-Mount Series QMA, self adhesive, screwable

Screw Fixing Cable Tie Mounts CTQM

Q-Mount Series CTQM

CTQM mounts are ideally suited for holding our innovative Q-ties in place. They would perfectly fit to all applications where a reliable and durable fixation is required and where space is limited.

Features and Benefits

- 2-way mounting base for safe guiding of cables and conduits
- For cable ties up to 5 mm wide
- Uses screw with countersunk head (max. \varnothing of head: 8.0 mm)
- Perfect for combination with Q-ties
- Pre-assembly feature
- Provides a secure hold with Q-ties, particularly in difficult situations such as vertical mounting positions

Q-Mount, CTQM 2-way entry, screwable.

Identification tags for marking cable bundles

Q-tags

Features and Benefits

- Identify cable or cable bundle
- Quickly read or scan printed information
- Mark by hand with T82 series marker pen or use printed adhesive label
- HellermannTyton offers complete printing solution (printers, labels, ribbons)
- Perfect combination with Q-ties to safely secure and mark cables with highly visible text

The flagged orientation of Q-tags ensures that printed texts are easily visible.

Application video: Q-Series

Q-tag QT7016R

Q-tag QT7040R, QT10065R

Q-tag QT7040S

Q-tags can be labelled with pre-printed labels or by hand.

Q-tags are available in different sizes and types.
