

Intelligent Infrastructure Management

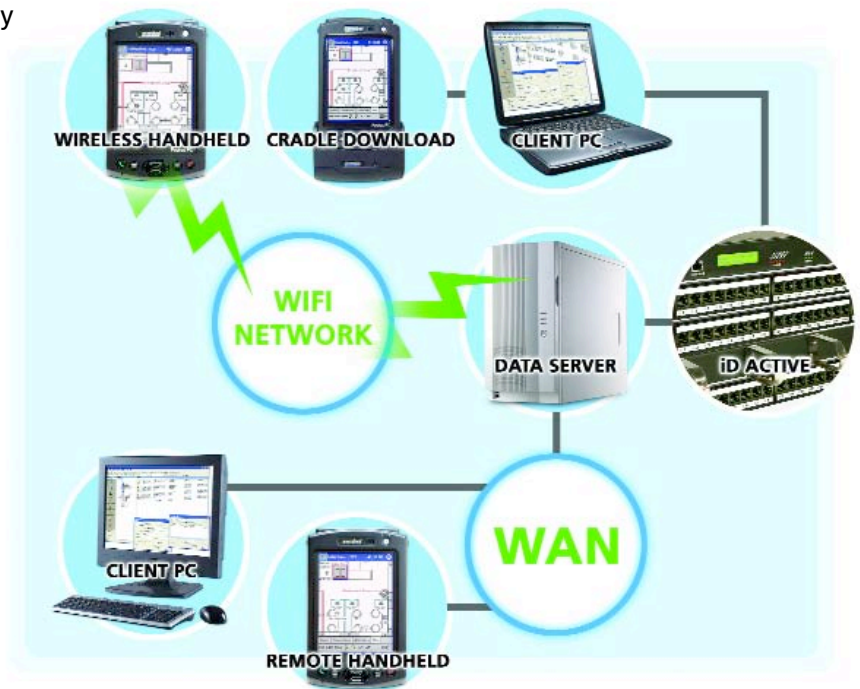

Better Technology Through Innovation

Intelligent Infrastructure Management Solutions

iD has always been a comprehensive, standards-based, intelligent infrastructure management solution offering unique end-to-end visibility and control. The software solution is arguably the most intuitive, most flexible and configurable portable solution of its kind. It can now be coupled with intelligent microcontroller based patch panels and controllers, resulting in 100% connectivity accuracy! The complete iD solution will now track, alert and document enterprise networks in real-time.

The HellermannTyton iD solution is extremely easy to design, install, setup and use.

- ▶ Portable
- ▶ Scalable
- ▶ Local and remote access
- ▶ Management
- ▶ Documentation
- ▶ Administration
- ▶ Reliable
- ▶ Secure
- ▶ Efficient

Customer Benefits

- **Managing MAC's (Move's, Add's and Changes)**
 - Schedule work, delegate jobs, track status and manage time and resource effective - zero paperwork
- **Improved Network Availability**
 - Fault find, troubleshoot and resolve infrastructure issues more sufficiently and effectively
- **Increased Network Security**
 - Track changes as they occur, configurable event driven alerts and control services, specifically for your infrastructure
- **Disaster Recovery**
 - Retain last known state of all connections, data and assets
- **Utilisation & Tracking of Assets**
 - Regardless of manufacture, location or value
- **Auditing**
 - Simplified methods of verifying connection information and data documentation quickly

Features

- Automatic, real-time detection of all connections and disconnections
- Manageable, step by step MAC's (Moves, Adds and Changes)
- Intuitive guidance and instruction with handheld PDA, backlit LCD display and LED indications
- Enhanced security features, responsive configurable alarms and event management
- 100% accurate, real-time visibility of assets and their utilisation
- Configurable User access, Central Database with Remote Access
- Cost and time saving, fewer errors, manage change with no paperwork
- Support for an unlimited number of ports including remote sites
- Automatic mapping of the iD Active hardware
- Ability to start work even before the database is prepared
- Simple topology and easy to deploy
- Suit consolidated and distributed communication rooms due to modular and scalable architecture
- True end to end connectivity management

We've kept things simple; with a minimal number of components:

Part Number	Item Name	Description
1/CC-IDHW	Closet Controller	iD Active Master Controller
1/2408-C6-IDHW	iD Patch Panel	iD Active Category 6 Patch Panel
1/BM-0608-IDHW	Bus Management Panel	Bus and Power Distribution Panel
CBM-0208-IDHW	CoolPort Bus Manager	Bus and Power Distribution Module
