

Dual AFN Mounting Bracket

MB-AFN-DUAL-BRKT

Application Information

The AFN Dual Mounting Bracket is suitable for use with MB-AFN-PWB/BK-400MM mounting bracket. The bracket has been designed to be secured to a pole at an angle to allow for the management of 2 x MB-AFN-PWB/BK-400MM mounting brackets.

The bracket is manufactured from powder coated stainless steel and separate offset screw fixing points allow for a quick and easy installation.

Features and Benefits

- Suitable for use with MB-AFN-PWB/BK-400MM
- Offers management for a maximum of 2 brackets
- Manufactured from powder coated stainless steel
