

MB-AFN/FFE-PWB-001

AFN / FEE Mounting Bracket

Application Information

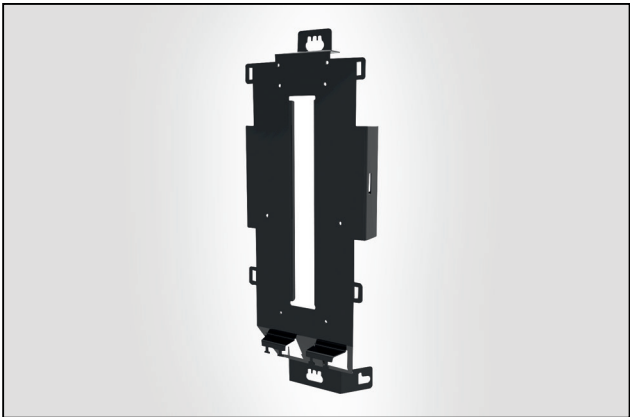

The MB-AFN/FFE-PWB-001 universal pole mounting bracket, suitable for use with the Aerial Fibre Node and Fibre Facade Enclosure, provides secure anchoring for up to ten metres of ultra-lightweight cable and 24 distribution drop fibres on the rear of the bracket.

Constructed from powder coated stainless steel and designed not to exceed the width of the pole-top the bracket can be preloaded with the enclosure and then secured to the pole.

The bracket has been designed with a rear management basket to allow for secure storage of excess cables.
