Technical Data Sheet

Front Cable Managment

1U and 2U

Application/Product Description

The front cable management panel is available in both 1U and 2U sizes. Each panel has 5 plastic rings, which hold and support the cables in position. It is recommended that there is provision for cable management for every 2U of cabling or patching in a cabinet or rack.

1U and 2U Front Cable Management Panels

Technical Data Sheet

Rack Snaps

Single and Triple

Application/Product Description

The Single Rack Snap is available individually, in packs of 50 or 100 and require M5 screws. Patch panel installation with the Rack Snap is significantly faster than using cage nuts. NB: The single rack snaps are not supplied with M5 screws.

The Triple Rack Snap is available individually or in packs of 100 and is supplied together with M5 screws.
Single and Triple Rack Snaps
