Insulation

Innovative solutions for a variety of applications and industries

Welcome to HellermannTyton

HellermannTyton is a leading manufacturer and supplier of products for fastening, fixing, installing, connecting, insulating, protecting and identifying electrical cables and data network infrastructure. Our mission is to provide you with innovative cable management solutions – wherever you need them around the globe.

Insulation – Introduction

HellermannTyton offers a premium range of Insulation products including heatshrinkable tubings and shapes. We have many years of experience in providing full system solutions that started 80 years ago with the introduction of chloroprene sleeves, Hellerine lubricant and hand expansion tools for insulating cable terminations. Today we also offer latest technology shrinking machines and tools as well as all the necessary products to protect and insulate low voltage cable joints and terminals.
