

Snapper Tools

MSNP1-70 for Snapper Size 1 to 70

ASNP2-22 for Snapper Size 2 to 22

ASNP24-70 for Snapper Size 24 to 70

Features and benefits

- For efficient fixing of the snapper hose clips
- MSNP tool: handy for installation on site
- ASNP tool: suitable for series production. Retaining screw limits the draw-in area prevents overstretching of the snapper

Snapper Application Tools MSNP1-70 and ASNP24-70.

Pneumatic Tools for Snapper are available on request. Contact us!

Snapper hose clips for tubes and harnesses see page 203.
