

## Technical data sheet

Article number:  
344-21106

LVR-19.1/9.5

|                                     |                                   |
|-------------------------------------|-----------------------------------|
| Product Group                       | Heat shrinkable tubing 2:1 - PVC  |
| Product Family                      | LVR                               |
| Material                            | Flexible Polyvinyl Chloride (PVC) |
| Colour                              | Red (RD)                          |
|                                     |                                   |
| Dielectric Strength                 | 22 kV/mm                          |
| Flammability                        | ASTM D2671                        |
| Longitudinal Change After Shrinkage | +/-10% max                        |
| Min. Shrink Temperature - °C        | +80 °C                            |
| Operating Temperature               | -30 °C to +105 °C                 |
| Package Content packed in           | reel                              |
| Pack Cont.                          | 25 m                              |
| Recov. Ø d max.                     | 9.5 mm                            |
| Shrink Ratio                        | 2:1                               |
| Supplied Ø D min.                   | 19.0 mm                           |
| Wall (WT)                           | 0.8 mm                            |
