

## Technical data sheet

Article number:  
435-01662

Reliseal V525

|                                    |                                                   |
|------------------------------------|---------------------------------------------------|
| <b>Product Group</b>               | Straight-through gel cable joints with connectors |
| <b>Product Family</b>              | RELICON Reliseal                                  |
| <b>Material</b>                    | Polypropylene (PP), Silicone (SI)                 |
| <b>Colour</b>                      | Green (GN)                                        |
| <b>Length (L)</b>                  | 310 mm                                            |
| <b>Main Cabel max</b>              | 5 x 25 mm <sup>2</sup>                            |
| <b>Main Cable min</b>              | 3 x 10 mm <sup>2</sup>                            |
| <b>Material Housing</b>            | Polypropylene (PP)                                |
| <b>Operating Temperature</b>       | -20 °C to +90 °C                                  |
| <b>Package Content packed in</b>   | box                                               |
| <b>Pack Cont.</b>                  | 1 pc.                                             |
| <b>ROHS compliant</b>              | Yes                                               |
| <b>Shelf Life</b>                  | Unlimited                                         |
| <b>Specifications</b>              | EN 60529:1991                                     |
| <b>Thermal Conductivity (max.)</b> | 0.20 W/mK                                         |
| <b>Thermal Conductivity (min.)</b> | 0.20 W/mK                                         |
| <b>Variant</b>                     | Gel                                               |
| <b>Width (W)</b>                   | 88 mm                                             |
