|                                |                                                       |
|--------------------------------|-------------------------------------------------------|
| <b>Materiale</b>               | Termoplastisk Elastomer (TPE)                         |
| <b>Farve</b>                   | Sort (BK)                                             |
| <b>Driftstemperatur</b>        | -40 °C til +100 °C                                    |
| <b>Flammehæmmende egenskab</b> | Iht. UL94 V0                                          |
| <b>Halogenfri</b>              | Ja                                                    |
| <b>Højde (H)</b>               | 20,0 mm                                               |
| <b>IP klasse</b>               | IP66                                                  |
| <b>Kabeldiameter max.</b>      | 29,0 mm                                               |
| <b>Kabeldiameter min.</b>      | 28,0 mm                                               |
| <b>Længde (L)</b>              | 42,2 mm                                               |
| <b>Specifikation</b>           | csa-C22.2 No. 94.1, csa-C22.2 No. 94.2, UL 50, UL 50E |
