DNDCUL

Product Group	Pre-Printed reflective solar installation labels
Material	Type 505/281, UV-stabilised, reflective vinyl with clear polyester laminate (505/281)
Colour	Red (RD)
Adhesive	Acrylic
Application Method	Labels are applied by hand to PV installations where durable UV resistant marking is required.
Curing Temperature	+10 °C
Height (H)	25.40 mm
Labels per Row	1
Marking Text	DO NOT DISCONNECT UNDER LOAD
Material Durability	Up to 9 years in vertical outdoor exposure
Operating Temperature	-40 °C to +79 °C
Package Content packed in	pack
Pack Cont.	50 pcs.
UL-File Number	MH11410, MH14382, MH16736
UV-Stabilised	Yes
Width (W)	165.1 mm
