BIPOLARPV

Product Group	Pre-Printed Solar Installation Labels
Material	Vinyl (V)
Colour	Red (RD)
Adhesive	Acrylic
Application Method	Labels are applied by hand to PV installations where durable UV resistant marking is required.
Curing Temperature	+10 °C
Height (H)	50.8 mm
Labels per Row	1
Material Durability	Up to 5 years outdoor in vertical exposure
Operating Temperature	-40 °C to +79 °C
Package Content packed in	pack
Pack Cont.	50 pcs.
UL-File Number	MH11410
UV-Stabilised	No
Width (W)	92.25 mm
